

Convention 2005

Western Barley Growers Association (WBGA) &
Western Canadian Wheat Growers Association (WCWGA)
Joint Convention 2005 • February 16-18, 2005, Canmore, AB

**Celebrating 35
Years in 2005!**

**Western Canadian
Wheat Growers**

The Western Canadian Wheat Growers Association (WCWGA) and the Western Barley Growers Association (WBGA) are pleased to present our first-ever joint-conference, scheduled for February 16, 17 and 18, 2005 at the Radisson Convention Centre in beautiful Canmore, Alberta. We expect up to 500 producers and industry leaders to attend this prestigious event, featuring world-class speakers and an exciting, timely agenda. Topics to be addressed include commodity marketing options, global trade, value maximization and projected transportation shortfalls. In addition, the convention will feature a tradeshow.

As you may already be aware, the WBGA is an influential farm organization, voluntarily funded by a large membership made up of farmers, industry and end users. It provides a leadership role in supporting the value-added industry in Canada and abroad. The WCWGA is an independent producer organization, with a 35-year history of bringing forth innovative, farmer-driven solutions. The association lobbies on behalf of forward thinking, progressive producers in an effort to make farming sustainable and profitable. Mark your calendars and plan to attend. Keep posted for further details, soon to be available at www.wheatgrowers.ca and www.wbga.org.
