Wheat Growers Convention 2006: *Solutions for Profitable Agriculture*

Plan now to attend the 36th annual Wheat Grower convention, "Solutions for Profitable Agriculture," to be held March 15 to 17 at the Bessborough Hotel in Saskatoon, Saskatchewan.

Farmers and ag business leaders are invited to join us as we hear from farmers and industry leaders on how we can restore profitability to our farms.

Topics to be explored include:

- the future role of the Canadian Wheat Board
- developments at the WTO negotiations
- progress on the introduction of genetically-engineered wheat
- biofuels
- changes to Canada's grain grading system.
- much more

We'll also be hearing from a leading farmer from Western Australia on their farming practices and the major transformations underway in their agricultural industry.

The convention also offers farmers the opportunity to network with leading edge farmers and other innovators in our industry.

Registration details available soon at www.wheatgrowers.ca.
